Course Description

The Marathon starts just west of the highway 101 overpass and follows Bull Creek Road for 6.5 miles to the first turn-a-round. The course then retraces itself, back to and under the 101. Turning right, onto the Avenue of the Giants, the course crosses the Dyerville Bridge (the half-way point). The route then continues down the Avenue for 6.5 miles, passing the small town of Weott (15.5 miles), to the second turn-a-round (19.6 miles). Finally, retracing the second leg, back to and across the Dyerville Bridge, it continues for one more tenth of a mile to finish at the staging area.
